Dear Mr. Meissner,

As you may recall, our recent discussions centered around the possibility of extending our membership to include more individuals from diverse backgrounds. I wanted to follow up on this topic and share some additional thoughts.

Firstly, I believe it is crucial to foster an environment where all members feel valued and respected. This can be achieved by incorporating a variety of perspectives and experiences into our activities and decision-making processes. It is important to recognize that diversity enriches our organization and helps us to remain innovative and dynamic.

Secondly, I propose conducting a survey among our current members to gauge their interest in expanding our membership. This would allow us to gather feedback and understand the potential challenges and benefits of such an expansion.

Lastly, I think it would be beneficial to organize a workshop or a panel discussion on the topic of diversity and inclusion. This would provide an opportunity for members to share their thoughts and experiences, and to learn from one another.

I look forward to hearing your thoughts on these suggestions.

Best regards,

[Your Name]
